

CORROSION INSTITUTE OF SOUTHERN AFRICA

CONFIDENTIAL

Gauteng Region
Kwa-Zulu Natal Region
Western Cape Region

APPLICATION FORM

ADMISSION TO INDIVIDUAL MEMBERSHIP
2010

Please complete all sections in BLOCK LETTERS and submit this application for to the Secretary of the Institute as follows:

:

The Secretary,
Corr ISA
PO. Box 966,
Kelvin 2054

Tel : (011) 802 5145
Fax: (011) 804-9474

Email: mail@corrosioninstitute.org.za

1. DETAILS OF APPLICANT			
Surname			
First Names			
Date of birth		Nationality	
Telephone		Facsimile	
Mobile		Email	
Postal Address			Code
Employer			
Address			Code
Telephone		Facsimile	
Email			

2. CORROSION INTEREST (please tick relevant boxes)			
End User		Organic Coatings	
Corrosion / Engineering Consultants		Metallic Coatings	
Alloys & Corrosion Resistant Materials		Coatings Manufacture / Supply	
Cathodic/Anodic Protection		Coatings Application	
Water Treatment & Corrosion Inhibitors		Coatings Inspection	
Research & Development		Corrosion Related Equipment Supply	
Other (Please specify)			

3. EDUCATION & EXPERIENCE			
School		Year	
Standard Achieved			
University/College		Year	
Qualification/Degree/Diploma. etc			
Years Experience			

4. APPLICANT'S DECLARATION: (See the attached by-laws to the Constitution)	
I do hereby apply to be admitted as an Individual Member of the Corrosion Institute of Southern Africa, and I do solemnly and sincerely declare that in the event of my election as an Individual Member of the Institute, I will at all times observe the provisions of the Constitution and the By-laws thereof and will conduct myself honourably in the practice of my profession, and to the utmost of my power will maintain the dignity and welfare of the Institute, by adhering to the code of ethics as defined in the Constitution.	
Signature	
Date:	

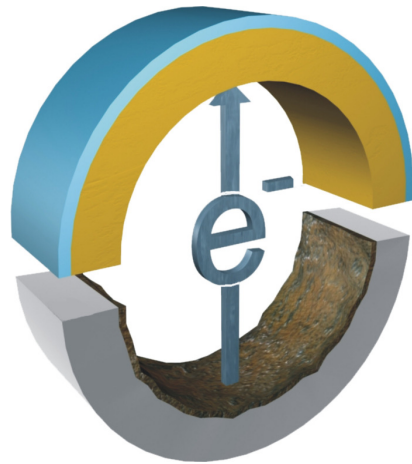

5. REGISTRATION FEE (See Table of costs)	
Please include once off administration fee	R <u>225.00</u>
Annual subscription fee	R <u>300.00</u>
Total	R <u>525.00</u>
Banking Details: Corrosion Institute of Southern Africa First National Bank Branch: Carlswald Branch code: 250 117 Account No.: 5921 0034 002	
Payment method: € Electronic Transfer – proof attached € Cheque enclosed for R _____	
Receipt of payment will be acknowledged	

This form, when completed, should be returned to the Secretary of the Institute. Receipt of application will be acknowledged. The Institute procedures for processing applications through the Membership Committee are thorough but as soon as your application has been processed, you will be notified.

We look forward to welcoming you as a member.

CORROSION INSTITUTE OF SOUTHERN AFRICA

www.corrosioninstitute.org.za
tel: 0860 CORRSA

Corrosion costs South Africa in excess of 4% of GDP annually.

This staggering figure has been established by independent researchers. The good news is that up to 40% of this cost can be saved using existing technology.

What is the Corrosion Institute of Southern Africa?

The Corrosion Institute of Southern Africa (CorrISA) has served the needs of individuals, academia and industry since the early 1960s in the fight against corrosion. It is a non-profit organisation seeking to pull together all interested and affected parties in the battle to reduce and prevent corrosion.

CorrISA exists to provide a vehicle for the transfer of information regarding all aspects of corrosion, both within the anti-corrosion industry as well as outside of “those in the know”.

The Institute is at the forefront of Corrosion Education, offering a variety of certificated and non-certificated courses at all levels.

In addition, the Institute aims to:

- extend the recognition of corrosion as an engineering discipline requiring specialised attention
- promote reporting, discussion and publication of corrosion experience and knowledge
- facilitate adequate training for personnel involved with the corrosion protection of materials
- recognise merit and award persons and companies who make a significant contribution towards corrosion technology

Membership is open to Individuals and Companies

What are the benefits of membership?

- Easy access to Corrosion Experts
- access to information database
- discounts on education courses offered by the Institute
- regular newsletters to keep updated with activities in the industry.
- subscription to SA Mechanical Engineer where the CorrISA column contains articles covering all aspects of corrosion
- regular Technical Meetings held in major centres, encouraging the informal gathering of members to share information and network in a non-commercial environment
- social events, such as an Annual Dinner and Golf Days for networking with fellow “anti-corrosionists”.

In addition to the above, Company Members receive web linkage via our website and corrosion queries received by the Institute are forwarded to the relevant sector of the industry. Company Members also receive the opportunity to host some of the Institute’s training courses at reduced rates for their own personnel.

Who should join CorrISA?

Anyone with an interest in corrosion! So, if you are a contractor or a consultant, an asset owner or an engineer, a new graduate or a veteran in the field, you should ensure that your membership of CorrISA is current.

Join us in the fight against corrosion as we establish and promote sound corrosion management, the advancement of cost effective corrosion control measures, and a sustained effort generally to raise corrosion awareness at all stages of design, fabrication and operation.

We look forward to receiving your application..
